Planning Application Accompanied by an Environmental Statement

**The Department has granted planning permission for the following
planning application:**

Council Area: Armagh City, Banbridge and Craigavon Borough Council Area, Mid Ulster District Council Area and Fermanagh and Omagh District Council Area

Application No: LA08/2016/1328/F

Location: High Pressure (HP) gas transmission pipeline (approx. 78km in length) between the proposed Above Ground Installation (AGI) opp. 64 Derryhale Rd, Derryhale, Portadown and 300m NW 371 Belfast Rd, Tullykenneye, Fivemiletown. Intermediate Pressure (IP) gas pipelines approximately 107 km in length from HP line to serve Cookstown, Magherafelt, Coalisland and Omagh, Enniskillen and Derrylin. AGI sites: (i) opp. 64 Derryhale Rd, Derryhale; (ii) 150m N of 39 Moss Rd, Derrycoose; (iii) 50m W of 27 Old Moy Road, Donnydeade; (iv) opp 10 Cullnagrew Rd, Cullnagrew (v) 150m S of 59 Dergenagh Road, Dergenagh (vi) 200m N of 23 Ballymagowan Road, Tullybroom; (vii) 300m NW 371 Belfast Rd, Tullykenneye.

Proposal: Construction of an underground gas pipe line and associated infrastructure comprising: a new 85 bar High Pressure (HP) cross-country gas transmission pipeline, approximately 78km in length and varying between 300-400mm diameter; New Intermediate Pressure (IP) gas pipelines, (approximately 107km and varying between 250-315mm diameter) laid primarily in the public road, 7 Above Ground Installations (AGI) and 8 District Pressure Governors (DPG); temporary ancillary development comprising temporary construction compounds, temporary pipe storage areas and temporary construction accesses.
